CONSTRUCTION CONTRACTS FOR THE BOARD OF EDUCATION'S CAPITAL
IMPROVEMENT PROGRAM**

THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING DECISION:

Approve the award of Capital Improvement Program construction contracts in the amount of \$5,505,543.58 to the respective lowest responsible bidders for various construction projects, as listed in Appendix A of this report. These construction contracts are for projects approved as part of the Board's Capital Improvement Program. Work involves all labor, material and equipment required to construct new schools, additions, and annexes, or to renovate existing facilities, all as called for in the plans and specifications for the respective projects. Proposals, schedules of bids, and other supporting documents are on file in the Department of Operations. These contracts have been awarded in accordance with section 5-7 of the Rules of the Board of Education of the City of Chicago.

Approve changes to existing Capital Improvement Program construction contracts, in the amount of \$593,375.15 as listed in Appendix B of this report. These construction contract changes have been processed and are being submitted to the Board for approval in accordance with section 5-10 of the Rules of the Board of Education of the City of Chicago.

Approve changes to existing Capital Improvement Program construction contracts, in the amount of \$886,262.14 as listed in Appendix C of this report. These construction contract changes are being submitted to the Board for approval prior to processing in accordance with section 5-10 of the Rules of the Board of Education of the City of Chicago, since they require an increased commitment in excess of \$10,000 or 10% of the original contract amount, whichever is less, or, as provided under Section 5-4 of the Rules, are necessitated by an unforeseen combination of circumstances or conditions calling for immediate action to protect Board property or to prevent interference with school sessions.
