**Sean B. Harden President, and
Members of the Board of Education**

Enclosed is a copy of the **Agenda** for the **Board Meeting to be held on Thursday, August 28, 2025, at 3:00 p.m.** The meeting will be held at CPS Loop Office, 42 West Madison Street, Garden Level, Board Room. The Board and the Chief Executive Officer have determined that registered speakers who wish to present during Public Participation may have the option to participate in person at the location of the Board meeting or virtually via an electronic platform. The public will have access to the meeting via live stream at cpsboe.org.

Public Participation Guidelines are available on www.cpsboe.org.

For the August 28, 2025 Board Meeting, advance registration to speak will be available beginning Tuesday, August 26th at 3:00 p.m. and will close on Wednesday, August 27th at 3:00 p.m. Anyone interested in speaking can sign up. After the 24-hour registration period, a lottery will randomly select a set number of speakers from those who registered. For example, if 100 people register, the lottery might select 30 of them to speak. This process gives everyone a fair chance to address the Board. Advance registration during this period is available by the following methods:

- Online: www.cpsboe.org (recommended)
- Phone: (773) 553-1600

To ensure equity of access to address the Board, an individual may not speak at back-to-back meetings and more than one meeting per month. If you register for back-to-back meetings and more than one meeting per month, you will not be included for that meeting lottery. In the event an individual registers to speak at a consecutive meeting, the individual will not be called to address the Board. However, if less than the allotted number of speakers register for a meeting, the limitation on speaking at consecutive meetings and/or more than once within a month will not apply, and those previously ineligible to speak will be reinstated in the lottery and may be eligible to speak.

Advance registration to observe will also be available beginning Tuesday, August 26th at 3:00 p.m. and will close on Wednesday, August 27th at 5:00 p.m. or until all slots are filled. Advance registration during this period is available by the following methods:

- Online: www.cpsboe.org (recommended)
- Phone: (773) 553-1600

Office of the Board
42 West Madison Street, Garden Level, Chicago, Illinois 60602
T (773) 553-1600 F (773) 553-1601

Although Advance Registration is recommended, you can also register to observe a meeting on the day of a Board Meeting via:

- Same Day in Person Observer Registration: 42 W. Madison Street lobby
- Registration Time: Opens at 2:50 p.m. and will remain open for the duration of the Board Meeting

Same Day, In-Person Observer Registrations are taken on a first come, first serve basis as seats become available.

The Public Participation segment of the meeting will begin following the Committee Updates and proceed for no more than 30 speakers for sixty minutes. Speakers selected through the lottery will receive instructions for Public Participation.

Members of the public may submit written comments for Board of Education meetings via the Written Comments Form on the Board's website at www.cpsboe.org or mailed to 42 W. Madison Street, Garden Level. Written comments received between the day the public agenda is posted through 5 p.m. the day after the Board of Education meeting will be submitted to the Board and posted within five (5) business days on our website at www.cpsboe.org.

The complete, final Agenda of Actions from the August 13, 2025 Agenda Review Committee meeting and the July 24, 2025 Board meeting is on our website: <http://www.cpsboe.org/meetings/past-meetings>.

2. How to Register:

- **Online:** Visit www.cpsboe.org (recommended)
- **Phone:** Call (773) 553-1600

3. Randomized Lottery for Speaker Selection:

In order to provide more equity of voice during the public participation segment, a randomized lottery will be conducted to select speakers for any meeting where the number of registered speakers exceeds the number of slots available.

- **Randomized Selection:** During a 24 hour registration period, anyone interested in speaking can sign up. After this time, a lottery will randomly select a set number of speakers from those who registered. For example, if 100 people register, the lottery might select 30 people to speak. This process gives everyone a fair chance to address the Board.
- **Number of Speakers:** The Board will allocate no more than 30 speaking slots to members of the general public to speak to the Board.
- **Notifications:** After the lottery, you will receive an email confirming whether or not you have been selected to speak. Instructions for participating in the meeting will also be provided.
- **Applicability:** The randomized lottery applies to all Board meetings where advanced registration is available. This system will not only apply to Board Meetings, but also to other meetings where advanced registration is available, such as Committee meetings and Hearings.

 - However, if less than the allotted number of speakers register for a meeting, the limitation on speaking at consecutive meetings and/or more than once within a month will not apply, and those previously ineligible to speak will be reinstated in the lottery and may be eligible to speak.
 - Speakers may not cede their time to another person.
6. **Speaker Remarks and Submissions:**
 - Each speaker is given two (2) minutes to present their remarks and materials to the Board. Speakers must end their presentation upon the request of the Board Secretary when their time is up, to allow the next speaker to begin.

RESOLUTION ADOPTING THE ANNUAL SCHOOL BUDGET FOR FISCAL YEAR 2026

WHEREAS, pursuant to Section 34-43 of The Illinois School Code (the "Code"), the Board of Education of the City of Chicago (the "Board") is required to adopt an annual school budget for each fiscal year of the Board within the first 60 days of the fiscal year of the Board to which such budget relates; and

WHEREAS, the Board is directed by the provisions of Section 34-43 of the Code to balance its budget in each year within standards established by the Board and consistent with the provisions of Article 34 of the Code; and

WHEREAS, Section 34-43 of the Code authorizes the Board's budget for any fiscal year to (i) provide for the accumulation of funds for educational purposes as the Board may direct for capital improvements or in order to achieve a balanced budget in a future year within the four-year period of the Board's financial plan to begin in that budget year; and (ii) to provide for a reserve in the educational fund to ensure uninterrupted services in the event of unfavorable budget variances; and

WHEREAS, Section 34-45 of the Code directs that the budget shall include the organization units, purposes, and objects for which appropriations are made; the amount appropriated for each organization unit, purpose or object; and the fund from or to which each amount appropriated is to be paid or charged; and

WHEREAS, the District has provided most schools with budget allocations using a needs-based Budgeting model which allocates core administrative and instructional positions. Principals have discretion to use additional needs-based flexible funding, that is allocated based on enrollment and opportunity index; and

WHEREAS, the Board's Debt Management Policy, Section III.I. (Board Report 13-0724-PO1), authorizes the Board to use its operating funds to establish a reserve balance accounted for within the Debt Service funds to be used for any governmental purpose approved by the Board and delegates authority to the Chief Financial Officer of the Board to authorize any transfer to or from Debt Service funds; and

WHEREAS, Members of the Board desire to declare their intent that the Board reimburse itself for the payment of all or a portion of capital expenditures as outlined in Resolution 25-0828-RS1, Exhibit A and the website www.cps.edu/capitalplan with the proceeds of tax-exempt Bonds (the "Bonds") when such proceeds are available, which declaration of intent is intended to comply with Section 1.150-2 of the U.S. Treasury Regulations; and

WHEREAS, the Board currently expects that the proceeds of the Bonds will be applied to so reimburse itself not later than 18 months after the later of (a) the date the original expenditure is paid, or (b) the date the Project is placed in service or abandoned, but in no event more than three years after the original expenditure is paid; and

WHEREAS, it is now appropriate for the Board to adopt its annual school budget for its Fiscal Year 2026 and related standards;

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE BOARD OF EDUCATION OF THE CITY OF CHICAGO as follows:

Section 1. Findings. It is found, declared and determined as follows.

(a) Pursuant to section 34-43 of the Code, the Board has previously established standards by which its budgets shall be balanced in each fiscal year, consistent with the requirements of the Code. These standards provide that each budget of the Board shall cover a fiscal year of the Board and shall be developed and adopted in accordance with the requirements of the Code, including, but not limited to,

Sections 34-42 through 34-51 thereof. These standards also provide that each budget shall be prepared in accordance with generally accepted accounting principles and shall be balanced such that, for each fund, the estimated sum of all revenues for the fiscal year from all sources and the amount of Fund Balance Available for appropriation in the fiscal year is greater than or equal to the estimated sum of all appropriations required to defray the amount of all expenditures and charges to be made or incurred during the fiscal year and the amount of all unpaid liabilities at the beginning of the fiscal year. The standards further provide that in determining the amount of the Fund Balance Available for appropriation in the Educational Fund, there shall be deducted (i) the amount, if any, which the Board directs to be accumulated to achieve a balanced budget in a future year within the four-year period of the financial plan to begin in the budget year or for capital improvements, and (ii) any reserve to ensure uninterrupted services in the event of unfavorable budget variances. The Board's goal is to have a balanced budget over the period of the four-year financial plan that is to be developed.

(b) The annual school budget for Fiscal Year 2026 was prepared in tentative form by the Board and was available for public inspection for at least fifteen days prior to adoption (to wit, since August 13, 2025 on the district's web site at www.cps.edu/budget).

(c) On August 19, 2025, two public hearings were held concerning the adoption of the annual school budget for Fiscal Year 2026, notice of such hearings having been given by publication on August 13, 2025, in a newspaper of general circulation in the City of Chicago.

Section 2. Budget Approval. The Annual School Budget for Fiscal Year 2026, incorporating Exhibit A of this Resolution and the web site at <https://cps.edu/budget>, is adopted.

Section 3. Transfers Between Appropriations. The Office of Budget and Grants Management may approve transfers within any Board fund and within an object group and purpose in accordance with this Section. Except for matters approved by the Board as being within the discretion of the Office of Budget and Grants Management, transfers within a fund and between object groups and purposes must be recommended by the Office of Budget and Grants Management and approved by the Board by a vote of two-thirds of the members, provided that no appropriation shall be reduced below an amount sufficient to cover all obligations that will be incurred against the appropriation. The Chief Executive Officer shall define object groups and purposes that are subject to these requirements.

The Chief Financial Officer is hereby authorized to transfer and use Debt Service funds not otherwise restricted under bond documents for the purpose of operating and capital expenditures to support cash flow during the fiscal year. Transfers from the Debt Service funds for this purpose will be repaid from the next receipts of property tax revenues.

Section 4. Capital Budgeting Process. The Chief Executive Officer proposed a one-year Capital Improvement Plan (the "CIP") consistent with the annual budget and the requirements of Section 34-215 of the Code on August 28, 2025, for the Board's approval. Three public hearings were held to receive public comment on the proposed CIP. Such meetings were held virtually, two meetings on August 20, 2025 and one meeting on August 21, 2025.

The Board reasonably expects to reimburse itself for the payment of capital expenditures incurred and paid by the Board from its own funds with the proceeds of the tax-exempt Bonds upon the issuance thereof. These capital expenditures are outlined in Resolution 25-0828-RS, Exhibit A and the website www.cps.edu/capitalplan.

Section 5. Grants. The Office of Budget and Grants Management shall be responsible for the structure and accountability of the school district's grants management process. The Office of Budget and Grants Management is designated as the managing fiscal agent for the Board for all grant money received from funding agencies.

The principal of a local school or unit head, serving as an agent of the Board, is responsible for the implementation and management of all school-based or unit-based grants from governmental and non-governmental agencies. The principal or unit head is responsible for implementing the program in a timely fashion, as approved by the funding agency, and for expending funds in accordance with the terms, budget, and liquidation requirements of the approved proposal.

Section 6. Budget Allocations. Any Policy that refers to the use of a quota formula to determine school budget allocations or other related requirements are hereby deemed to constitute reference to the needs based budgeting model referenced in this Resolution.

Section 7. Personnel Policies. The appropriations herein made for personnel services shall be regarded as maximum amounts to be expended from such appropriations. Such expenditures shall be limited to personnel only as needed, or as may be required by law, not to exceed the maximum that may be employed for any position by title. Notwithstanding any item in the budget, one person may be employed or more than one person may be employed, upon recommendation of the Budget Officer and the Chief Executive Officer, whether such title is printed in the singular or plural. The salary or wage rate fixed shall be regarded as the maximum salary or wage rate for the respective positions, provided that salaries or wage rates are subject to change by the Board during the fiscal year in accordance with collective bargaining agreements approved by the Board.

Initial appointments to any position, transfers among positions and resignations of Board personnel shall be made in accordance with, and subject to, current Board Policies and Rules, as may be amended, from time to time.

Section 8. Settlement Agreements and Judgments. No expenditure may be made from any fund or line item account herein for the purpose of executing settlement agreements, entering into consent orders or paying judgments except upon the approval of the Board; provided, however, that this section shall not apply to judgments, settlement agreements or consent orders involving an amount up to \$100,000 or to labor arbitrations. In those cases, the General Counsel is authorized to approve such documents and expend such funds without approval of the Board.

Section 9. Fiscal Stability. Pursuant to the Fund Balance and Budget Management Policy (Board Report 21-0127-PO2, as may be amended), in the event that the stabilization fund decreases below 15% of the operating and debt service budget, the Chief Financial Officer will prepare and present to the Board a plan to replenish the reserve. The Board must approve and adopt a plan to restore these balances to the target levels within a 12-month period. If the restoration of the reserve cannot occur within a 12-month period, the Chief Finance Officer or Budget Officer can request that the Board approve an extension of this deadline.

Section 10. Severability. To the extent that any prior resolution or policy of the Board (excluding Board Rules) is in conflict with the provisions of this Resolution, the provisions of this Resolution shall be controlling. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause, or provision shall not affect any of the other provisions of this Resolution.

Section 11. Effectiveness. This Resolution is effective immediately upon its adoption.

Any of the Designated Officials are hereby authorized to determine, at their discretion, to retire the borrowing by the making of partial payments or payment in full. **RESCIND BOARD REPORT 12-0627-PO2
INTERNET SAFETY**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board adopt an Internet Safety Policy.

PURPOSE: The Board intends to establish a separate stand-alone policy that enumerates internet safety measures that the District will continue to implement to protect students from accessing inappropriate material over the Chicago Public Schools' (CPS) computer network. This policy further identifies curricular measures the District will continue to implement to educate students about internet safety and appropriate online behavior. The requirements set out in this policy are intended to ensure CPS compliance with the Children's Internet Protection Act (CIPA) as well as state requirements for internet safety education.

HISTORY OF BOARD ACTION: On June 26, 2002, the Board adopted amendments to its Policy on Student Acceptable Use of the CPS Network to include new internet safety provisions in compliance with CIPA (Board Report 02-0626-PO04.) The Board subsequently adopted a modified Policy on Student Acceptable Use of the CPS Network (Board Report 03-0326-PO03), which superseded the previous policy yet maintained the internet safety provisions. On June 26, 2002, the Board adopted amendments to its Policy on Use of the Internet, CPS Intranet, Electronic Mail and Computer Access by Authorized Users to include internet safety provisions in compliance with CIPA (See Board Report 02-0626-PO03). This policy addresses the use of the CPS network by employees and other adult users. The Board modified this policy under Board Report 04-0428-PO2, which superseded the previous policy yet maintained the internet safety provisions. On July 22, 2009, the Board adopted a new policy on the Acceptable Use of the CPS Network and Computer Resources (See Board Report 09-0722-PO3) which rescinded Board Report 04-0428-PO2, but maintained the provisions pertaining to internet safety.

POLICY TEXT:

I. Introduction

It is the policy of the Chicago Board of Education: (a) to prevent use of the CPS computer network to access or transmit, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) to prevent unauthorized access to the CPS computer network and other unlawful online activity; (c) to prevent unauthorized online disclosure, use, or dissemination of student record information; and (d) to comply with the Children's Internet Protection Act also with federal and state requirements for internet safety education for students.

II. Access to Inappropriate Material

As required by law, CPS uses technology protection measures to block or filter internet sites for inappropriate material that is harmful to minors and prohibit access, to the extent possible, to such content found on the internet. In addition to the use of filtering technology, the Office of Information & Technology Services (ITS) may also block access to certain websites when required by law, when their use may interfere with the optimal functioning, or when among other things, the website may compromise the security of the CPS network or computer resources. ITS shall establish standards and procedures by which individual websites may be authorized for blocking or unblocking of access from the CPS computer network or otherwise disabling or modifying the district's technology protection measures. All blocking and unblocking decisions will be made by ITS in compliance with applicable laws and the

D. Intellectual Property Requirements. No User may transmit to, or disseminate from, the CPS Network any material that is protected by copyright, patent, trademark, service mark or trade secret unless such use or disclosure is properly authorized and bears the appropriate notations. No User may download, upload or share materials in violation of U.S. patent, trademark or copyright law.

E. Software Licenses. All software used by Users must have a valid license. Users shall use only authorized software in compliance with the licenses provided to or by the Board. Users may install

authorized software that is deemed necessary for business use by Department/School Management. Such software must not compromise the security or integrity of the CPS Network or Computer Resources and must not interfere with the proper functioning of required CPS software. ITS may remove User installed software at any time in order to preserve or protect the CPS Network or Computer Resources or for any other reason deemed necessary by ITS.

In compliance with SOPPA, Users can only use approved educational technologies. Approved for use educational technologies are available on the SOPPA website and must meet the following criteria: have been approved under the SOPPA policy; all agreements between the Board and the provider are posted on the District's SOPPA website, and all of the data elements are listed on the District's website, whether the product is provided at a cost to the Board or free of charge.

F. Network Usage. CPS Network access and bandwidth is provided to schools for academic and operational services. CPS reserves the right to prioritize network bandwidth and limit certain Network activities that are negatively impacting academic and operational services. Use of proxy servers or virtual private networks to bypass Network security systems (firewalls, etc.) is strictly prohibited.

G. Network Security. The CPS Wide Area Network (WAN) infrastructure, as well as the building-based Local Area Networks (LANs) are implemented with performance planning and appropriate security measures in mind. Modifications to an individual building network infrastructure and/or use will affect LAN performance and will reduce the efficiency of the WAN. For this reason, any additional Network electronics including, but not limited to, switches, routers, and wireless access points must be approved, purchased, installed, and configured solely by ITS to ensure the safety and efficiency of the network. Users are prohibited from altering or bypassing security measures on electronic devices, Network equipment, and other software/online security measures without the written consent of the CIO. Anyone utilizing the CPS Network understands and acknowledges that CPS security systems may intercept and decrypt traffic in order to analyze traffic for security risks or content filtering purposes. Devices connected to the CPS Network may be disconnected if any security risk is identified that places the rest of the Users, Network systems, Computer Resources or data at risk. Situations would include but are not limited to devices infected with malware, unauthorized network scanning systems and applications that bypass Network security.

H. Filtering and Blocking. CPS is required to protect students from online threats, block access to inappropriate content, and monitor internet use by minors on school networks in accordance with CIPA. ITS is responsible for managing the district's Internet filter and will work with School Management to ensure the filter meets the academic and operational needs of each school while protecting minors from inappropriate content. Additionally, under an ITS-managed program to allow schools limited controls over the web content filtering policies for their relevant schools, a school principal or their designee may be provided secure access to the web content filtering systems. School staff with access to manage the policies affecting the Internet must ensure the district does not violate CIPA or other compliance requirements. The principal will ensure the school remains in compliance with all requirements to participate in the program as set by ITS, otherwise access to the additional controls will be revoked and the school web content filtering policies will be reset to the current district-wide policy settings.

I. Remote Access. Remote access to the CPS Network is allowed only through ITS-authorized remote access solutions and will always require two factor authentication.

J. Third Party Systems. CPS provides Users with the means to communicate through a variety of district-owned or leased systems located on the CPS Network in order to effectively conduct district

operations. Users may not circumvent the requirements of this policy or other Board policies by using a third party system to communicate when a similar system is otherwise available on the CPS Network. To the extent that a particular system is not available on the CPS Network, User's use of a third party system is subject to approval by the Chief Information Officer (CIO) or designee. If approved, such use is subject to the requirements of this policy and other applicable Board policies as well as any other requirements specified by the CIO. In such cases, the User is solely responsible for ensuring compliance with all such policies and requirements. Nothing herein is intended to limit prior Board mandates for Users to use only the Board's email system, student information system, remote access solution and any other mandates that may be established in the future by the CIO or the Board.

K. New Technologies. The requirements of this policy apply to all technologies currently in use on the CPS Network, those technologies authorized by ITS for use by a school, office or departments, and those technologies that may be used in the future on the CPS Network. ITS shall establish guidelines on the use of any new technology approved for use on the CPS Network or for use by a school, office or department.

L. Passwords. Users are required to adhere to password requirements set forth by CPS when logging onto the CPS Network or Computer Resources directly or via remote access. Users are not authorized to share their password under any circumstance.

M. Unauthorized Access and Data Tampering. Users are prohibited from (1) using their authorized access to a CPS Network system to falsify, misreport, misrepresent, make unauthorized changes or deletions or otherwise tamper with CPS data; and (2) entering, changing, moving or copying data in a CPS Network system that the User has no access or entry authorization rights to such system. Any entry, modification or deletion of CPS data by an unauthorized User is considered tampering and is prohibited. Users are subject to discipline for any unauthorized access to a CPS Network system or Computer Resources and for their acts or omissions that allow others to gain unauthorized access.

N. Artificial Intelligence. CPS is committed to equipping staff with AI Literacy to ensure staff have the business and educational tools and knowledge to thrive in the age of AI. ITS is responsible for ensuring AI systems are responsibly developed, human-centered, thoroughly tested, and continuously monitored to promote dynamic, forward-looking and continuous learning and innovation solutions, for business and the classroom. Staff must use CPS approved tools. For CPS guidance and ethical use of AI, review the AI Guidebook at cps.edu/aiguidebook.

VII. Email

Email sent by Users in their capacity as representatives of the CPS must be sent from their CPS email account, with Board authorized return addresses. User emails are subject to retention by ITS in accordance with the Board's Email Retention Policy. If a User inadvertently sends or receives an email related to their work duties on their personal email account, the User shall forward the email(s) to their CPS email account.

B. Confidentiality. Users must exercise due care to ensure that email messages containing PII or confidential information conform to the confidential transmission requirements noted herein and are transmitted only to their intended recipients. Users are prohibited from transmitting Social Security

Number (SSN) information via email without the prior written approval of ITS and when authorized must comply with ITS security standards established for SSN transmission. The transmission of SSN information via email must only occur via secure means, where the sensitive information is encrypted and only sent by and/or received by intended parties. Users shall abide by the ITS Guidelines and standards on the classification, handling and email transmission of PII and other confidential information, including applicable encryption requirements.

When communicating with a student's parent/guardian, Users should use verified email addresses listed in the Board's student information system, unless steps have been taken to verify an alternate email address to ensure the communication is provided to the proper persons with authorization to receive information regarding the student.

C. Broadcast Emails. The Office of Communications shall establish guidelines by which broadcast emails may be authorized for distribution. Users may transmit broadcast emails only when authorized in accordance with such guidelines. Any links to attachments on broadcast emails must be hosted on a CPS-authorized source and vetted to ensure that the file does not contain PII or confidential information and must comply with ITS security standards established for the bulk communication tool.

D. Freedom of Information Act (FOIA). Any communication sent by or to a User using the CPS Network or Computer Resources could be subject to public access requests submitted through FOIA. Further, data and other materials and files maintained on the CPS Network or Computer Resources may be subject to review and disclosure under FOIA or discovery. Use of personal email accounts, personal social media and other personal electronic communication systems to conduct school business is prohibited and may cause a User's personal accounts to be subject to FOIA and other inquiries.

B. Mobile Device Communications with Student(s). The use of personal mobile device, personal email address, or personal social media account to connect with a student or recent graduate may create the appearance of an inappropriate relationship or constitute grooming, which is prohibited by CPS's Reporting, Abuse, Neglect, and Inappropriate Relations Between Adults and Students Policy. Users are prohibited from communicating with a student via (1) a student's mobile device, whether phone, text or instant message, (2) a student's personal email account (communications to the student's CPS email account is permitted), (3) any Personal Social Media account or non-CPS Social Media account, and (4) any group messaging app other than the CPS-provided or approved app (currently CPS-Google ~~Hangouts~~ Chat), subject to the following exceptions:

That the Chicago Board of Education (the Board) amend Board Report 22-0622-PO2 Policy on the Reporting of Child Abuse, Neglect and Inappropriate Relations Between Adults and Students. The policy was posted for public comment from June 27, 2025 to July 28, 2025.

PURPOSE: The Board is committed to the safety and wellbeing of students and ensuring all employees and other Covered Individual Adults are informed of standards for professional behavior and the requirement of mandated reporters to report suspected cases of child abuse and neglect by school personnel and others responsible for the welfare of children. This policy sets forth clear expectations that all ~~employees-mandated reporters~~ must protect students by reporting any interactions or behaviors which suggest that an adult has or had an inappropriately intimate relationship with a child or may be grooming a child, even if the employee does not have reasonable suspicion that sexual misconduct is occurring or has occurred; requires reporting of any suspicions or witnessing of abuse of a child and requires mandated reporters to immediately call the Department of Children and Family Services (DCFS) Hotline when they have reasonable suspicion of any type of child abuse or neglect. Chicago Public Schools (CPS) employs dedicated and professional staff members who provide students with a safe and supportive learning environment. The District encourages healthy relationships between students and Covered Individual Adults, including school staff and administrators, to promote student achievement and success. This Policy defines appropriate and reasonable boundaries for staff members and other Covered Individual Adults to maintain with students to (1) protect students from sexual misconduct and abuse, and (2) to protect staff members and other Covered Individual Adults from misunderstandings and false accusations.

**RESCIND BOARD REPORT 18-0926-PO1
RESCIND & ADOPT NEW ESSA TITLE I PARENT AND FAMILY ENGAGEMENT POLICY**

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board rescind Board Report 18-0926-PO1 and adopt the new Title I Every Student Succeeds Act (ESSA) Parent and Family Engagement policy that honors the diverse experiences and expertise of Title I parents, families, and Chicago Public Schools (CPS) staff. This policy's objective is to co-create equitable and culturally-responsive conditions with impacted parents, families, and CPS staff where Title I parents and families feel valued, respected, and enabled to reach their full potential. It calls for shared responsibility for establishing inclusive and collaborative student, parent, family, and community engagement practices in Title I schools that support student achievement and align to the district's Five-Year Strategic Plan. This policy was developed jointly with, and agreed on by, parents and families of CPS students participating in Title I, Part A programs. The policy was posted for public comment from June 27, 2025, to July 28, 2025.

I. SCOPE OF POLICY:

The Board is committed to building inclusive and collaborative stakeholder engagement efforts to support the enrichment and success of all students. This policy applies to the District, all Title I schools, Parent Advisory Councils (PACs), and the Parent Board of Governors (PBG). The Title I ESSA Parent and Family Engagement policy mandates the creation and authentic engagement and consultation of PACs in order to (a) cultivate an inclusive and collaborative partnership among parents, families, and schools (b) provide Chicago Public School (CPS) students with a school environment that promotes the Whole Child, and (c) operationalize the Spectrum of Inclusive Partnerships anchored in our CPS Equity Framework. This policy aligns with the Title I ESSA Parent and Family Engagement Policy Section 1116 of the U.S. Department of Education Federal Policy and the Illinois State Board of Education (ISBE) Title I Part A Parent and Family Engagement Policy.

II. DEFINITIONS

Community Member: A person or a group of people, such as community-based organizations, that reside in the school's attendance boundary area and have a shared connectedness and/or vested interest in the school's mission. These individuals or organizations build relationships and work together to support the success of students, families, and educators.

Family: The term "Family" refers to any household member or relative who provides a direct and consistent role in raising and caring for a CPS student.

Loco Parentis: "In the place of a parent"

Parent Advisory Council (PAC): Each academic year, Title I school administrators are required to establish a Parent Advisory Council (PAC) to a) advise the principal on how Title I parent engagement funds should be spent in alignment with the school's Continuous Improvement Work Plan (CIWP), b) co-develop with the principal and approve a parent involvement policy which includes a school-parent compact, c) share Title I information and updates received from the Parent Network Collaborative meetings facilitated by the Office of Family and Community Engagement, and d) participate in trainings and workshops that develop parents' skills and elevate them as partners in creating an educational environment for all the children and the school. A PAC must elect a 4-member executive board. All parents/guardians of a Title I school are eligible to run for their school PAC executive board. Specific roles and responsibilities for executive board members are outlined in section III, part A.

Parent and Family Engagement: The term “Parent and Family Engagement” refers to the adoption of strategies for the participation of parents and family members in regular, two-way communication and meaningful consultation involving student academic learning and other school activities, to the extent feasible and appropriate. In addition, this includes other activities as described in Section 1116 of the Elementary and Secondary Education Act (ESSA).

Parent Board of Governors (PBG): A district-wide body, composed of a representative group of Title I parents/guardians, that serves in an advisory capacity to the district and complies with the meaningful consultation requirements of ESSA Section 1116. The Parent Board of Governors replaces what was previously referred to as the Parent Involvement Advisory Board (PIAB).

Parent/Guardian: A person with legal authority to care for and protect the personal needs and interests of a minor. For the purposes of this policy, the rights of the parent/guardian are transferred to an emancipated minor or students 18 and older.

Title I / Title I Schools: The Every Student Succeeds Act (ESSA), also known as Title I, Part A, is the oldest federal supplemental education program that provides financial assistance to local educational agencies (LEAs) via the State. A school must have a poverty index of 40% or above to be deemed a Title I school. The funds are designed to improve the academic achievement of students most at risk for failing. The district and schools eligible to receive the funds are required to set aside one percent of these funds to provide opportunities to build capacity for parent and family engagement. Accountability requirements include creating parent and family engagement policies and meaningful consultation with parents. Within CPS, meaningful consultation occurs in the form of the Parent Board of Governors (PBG) at the district level and the Parent Advisory Council (PAC) at the school level. This policy fulfills the ESSA requirements. At the school level, the policy requirements are fulfilled in the Parent & Family Plan within the CIWP.

III. INCLUSIVE AND COLLABORATIVE PARTNERSHIPS:

- A.** CPS is committed to supporting stakeholder engagement efforts across our District by co-creating spaces where stakeholder voices and experiences are heard and embedded into the fabric of our district policies and initiatives. Using the CPS Spectrum of Inclusive Partnerships tool, CPS will ensure that students, parents, community members, CPS staff, and partners most impacted by Title I policies and procedures are prioritized for additional stakeholder engagement to support the implementation of this Policy.
- B.** The implementation of this Policy also requires the partnership of several CPS departments. The Office of Family and Community Engagement (FACE) will partner with representatives from the following departments and other relevant departments:

ORIGINAL AGREEMENT:

The original Agreement (authorized by Board Report 22-1207-PR10) in the amount of \$62,000,000 is for a term commencing January 17, 2023 and ending January 16, 2026, with the Board having two (2) options to renew for two (2) year terms. The original agreement was awarded on a competitive basis pursuant to Board Rule 7-2.

OPTION PERIOD:

The term of this agreement is being renewed for two (2) two (2) year terms commencing January 17, 2026 and ending January 16, 2030.

OPTION PERIODS REMAINING:

There are no option periods remaining.

SCOPE OF SERVICES:

Vendor will continue to supply the Board's full requirements for natural gas supply (including, but not limited to, space and hot water heating to all of the Board's facilities) under a block index purchase model that will allow the Board to purchase its required natural gas consumption in block each month dependent on market forecast during the term of the Agreement. Transition Plan to ensure a seamless transition as of the effective date, and upon termination, of the Agreement.

DELIVERABLES:

Vendor will continue to provide the delivery of natural gas supply.

OUTCOMES:

The Board will secure natural gas supply services at a competitive rate while at the same time providing the flexibility of being able to fix prices and make strategic purchases of incremental blocks of natural gas as part of the existing CPS Energy Purchasing Strategy. The Board will also be able to align its purchasers under the NYMEX market versus the Chicago Citygate market which will improve the Board's ability to monitor and police prices provided by its natural gas supplier.

SECURITY DEPOSIT: The Board may be required to pledge security to secure the performance of its obligations under the Agreement(s) in a form acceptable to the selected Proposer(s), including, without limitation, a standby irrevocable letter of credit, a prepayment, a security interest in an asset or a performance bond or guaranty.
